Introduction

Some comments made by Misha: This letter was received in 2006. It was kept hidden because of personal reasons of its recipient. Today the time has come to publish it after getting the permission from its author. A friend, G, met Fr Paisios, whose existence he was not aware of, in 2001(seven years after the elder's passing), when G went on a pilgrimage to the Holy Mount Athos. The following letter describes the beautiful circumstances of the meeting, the conversation and his acquaintance with Elder Paisios.

I would like first to give thanks to the Lord, for people like Elder Paisios, and especially for dear G, who so openly entrusted me with the details of his acquaintance with Elder Paisios. I pray that Our Lady and the Elder will protect him and his family now that he is in foreign lands. [περισσότερα...](#)
